INDIANA STATE LAW CONCERNING USE OF PARTY LINES IN CASE OF EMERGENCY

A Statute enacted by the 1955 Indiana Legislature makes it unlawful to misuse party line telephone service in cases of emergency. An emergency is defined in the law as "a situation in which property or human life is in jeopardy and the prompt summoning of aid is essential." The law, in part, reads as follows:
Section 2. It shall be unlawful for any person using a telephone on a party-line to refuse to yield such party-line, when requested to do so, to any person who wishes to place an emergency call from a telephone on such party-line. Any person who violates the provisions of this section shall be guilty of a misdemeanor and upon conviction shall be fined in any sum not exceeding twenty-five dollars to which may be added imprisonment in the county jail for any period not exceeding ten days.
Section 3. It shall be unlawful for any person to obtain the use of a telephone on a party-line by falsely alleging the existence of an emergency. Any person who violates the provisions of this section shall be guilty of a misdemeanor and upon conviction shall be fined in any sum not exceeding twenty-five dollars to which may be added imprisonment in the county jail for any period not exceeding ten days.

Long Distance Service

Please tell your operator:

1. Special instructions, if any (person-to-person, collect, credit card call, etc.)
2. Area Code of the place you are calling if different from the Area Code of the telephone you are using.
3. Telephone number you are calling.
4. Your number, when the operator requests it.

Types of Calls

STATION-TO-STATION

Call station-to-station if you will talk to anyone who answers. Rates are lower than person-to-person. Charging begins when the called telephone answers.

PERSON-TO-PERSON

Call person-to-person when you must talk to a particular person or extension telephone. Rates are higher than station to station. Charging begins when the called person or extension answers.

COLLECT

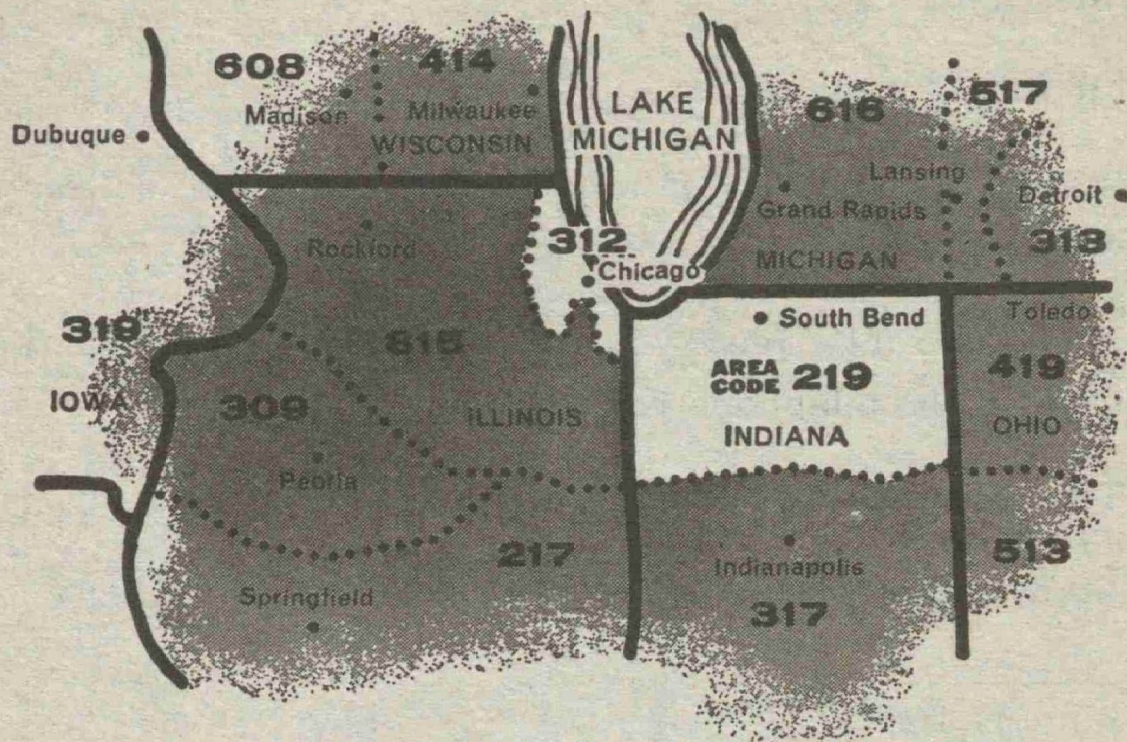

Most calls can be made "collect" if the person you are calling agrees to pay the charge. If you want the call made collect, please be sure to tell the operator when you give her the call.

CONFERENCE

You can talk with several people in different places at the same time. If you wish to do this, tell the long distance operator you want to make a conference call.

Area Codes

Speed Your Long Distance Calls

For faster long distance calling the United States and Canada are divided into more than 100 telephone areas. Each area is identified by a three digit Area Code.

Indiana is divided into 3 numbered areas. **Your Area Code is 219** (see map).

WHEN YOU CALL OUTSIDE AREA 219 . . .

give the operator the proper Area Code, then the telephone number. When you call within the 219 area, your operator doesn't need the Area Code—only the telephone number.

Pages 5 and 6 show a partial list of places and their Area Codes. If you want the Area Code for a place not listed, the operator will be glad to provide it.

WHEN PEOPLE CALL YOU . . .

from outside Area 219, they can speed their calls to you by giving your Area Code—219—to the long distance operator, along with your telephone number. Or if they have Direct Distance Dialing, they will need to dial your Area Code and then your telephone number. When you give your number to someone outside the 219 area, give them your Area Code—they'll be able to reach you more easily.

NEW LOOK IN TELEPHONE NUMBERS

Many telephones have new style seven-figure numbers. They're shown in directories like this: 555-2368. This modern numbering system, called "All-Number Calling" or "ANC" for short, will care for the telephone growth caused by our rapidly increasing population. It is being introduced in many places across the country, and eventually all numbers will be of this type.

The new system provides more telephone number combinations. It eliminates confusion between the letter "O" and the figure "0" (zero). Also, there is no problem in how to spell or pronounce exchange names.

Helpful Information

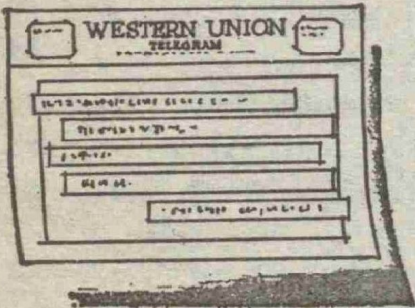

RECORDED TELEPHONE CONVERSATIONS ("Beep" tone)

If you hear a "beep" tone at fifteen-second intervals, your telephone conversation is being recorded by the person you are talking to. This signal is transmitted automatically whenever a recording machine is connected to the line. It is for your protection.

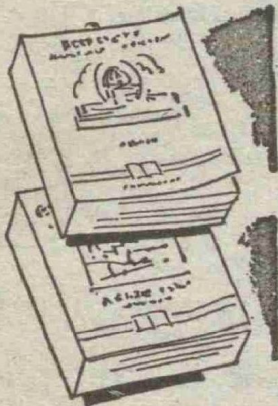

If you do not want a record made of what you are saying, ask the person with whom you're talking to disconnect the recording machine. The "beep" signal will stop when the recorder is disconnected.

Use of a recorder without this signal is contrary to Company tariffs and is not permitted.

TELEGRAMS BY TELEPHONE

You may telephone telegrams, cablegrams, or radiograms to the Western Union Telegraph company—see the listings of that Company in this directory—and have the charges appear on your telephone bill. You may also telephone your Western Union telegrams from coin telephones, paying as you would for a telephone call.

YOUR TELEPHONE NUMBER IS IMPORTANT

It's smart to make it easy for people to reach you. So why not include your telephone number on your stationery, statements and all advertising pieces?

OUT-OF-TOWN DIRECTORIES

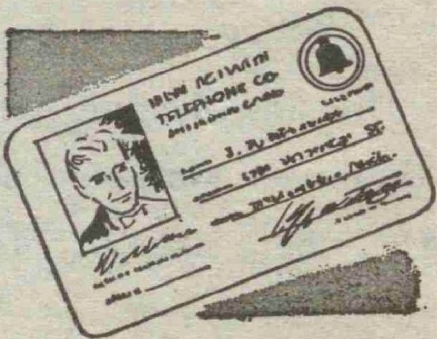

Chicago Alphabetical and Chicago Suburban North, South and West directories are available at no charge to customers listed in this directory.

Directories of other cities may be obtained at a nominal charge.

Call your telephone business office.

EMPLOYEE IDENTIFICATION CARDS

For your protection, any employee who visits customer premises carries an official identification card showing his or her name, photograph and signature. If you have the slightest doubt about anyone who says he's "from the Telephone Company," ask to see his card.
